Uploading the Dataset

The screenshot displays the IBM Cognos Analytics web application. At the top, a browser window shows the URL `eu1.ca.analytics.ibm.com/bi/?perspective=home`. The main header area includes a search bar and a notification banner that reads "Analyzing archive.zip" with "Cancel" and "Details" links. Below the header, a welcome message states "Hello. Welcome to Cognos Analytics with Watson." and provides links for "Watch video" and "Take a product tour".

A "Quick launch" section is visible, containing four tiles:

- Upload data**: Upload or drag and drop spreadsheets, csv files, and other data sources.
- Prepare data**: Use data modules to clean and connect data from multiple resources.
- Exploration**: Quickly find unbiased answers by identifying trends in your data with data exploration.
- Present data**: Create sophisticated, multi-page, multi-query dashboards, reports, or stories.

At the bottom, a "Get started" section is active, showing the title "Get up and running in IBM Cognos Analytics". The Windows taskbar at the very bottom shows the time as 11:44 on 14-11-2022.
